## LOW VISION REHABILITATION

The Department of Blindness and Low Vision Studies offers a Master of Science (MS) degree and Certificate Program in Low Vision Rehabilitation (LVR).

### Why Salus at Drexel?

- The interdisciplinary programs in the Blindness and Low Vision Studies department prepare professionals to work effectively in clinical rehabilitation and educational settings with people of all ages who have low vision. Emphasis is placed on a team approach to implementing low vision assessments and interventions
- The Low Vision Rehabilitation coursework and supervised fieldwork experience satisfy the requirements for certification by the Academy for the Certification of Vision Rehabilitation and Education Professionals (ACVREP)
- The University's founding college, the Pennsylvania College of Optometry, in 1983, was the first institution in the country to offer four master's degrees and certificates in Blindness and Low Vision programs

#### ADMISSIONS CHECKLIST

- Complete an application at GradCAS
- Complete a bachelor's degree
- Submit a CV/Resume
- Write a Statement of Purpose
- Submit three letters of recommendation
